Re: Lawrence Maynor
Pembroke, North Carolina

Dear Mr. Tureen:

This is to advise that this firm has been retained by the Bureau of Indian Affairs, U. S. Department of the Interior, to assist the Bureau in complying with the judgment entered by the United States District Court for the District of Columbia in Mr. Lawrence Maynor's case.

One of our objectives is to clear the title to a portion of Mr. Maynor's real property so that a home can be constructed on that property by the Bureau. A second objective is to have a simple contract between the Bureau and Mr. Maynor similar to the attached, setting forth the obligations of the parties in connection with the construction of the home for Mr. Maynor.

When I discussed this with Mr. Maynor, he wanted me to send you a copy of the proposed contract so that you could look it over before he signed it. That is the real purpose of this letter.

If the enclosed meets with your approval, thank you for so advising Mr. Maynor so that we can proceed with construction. Otherwise, I would appreciate hearing from you.

Very truly yours,

McLean, Stacy, Henry
& McLean

By

H. E. Stacy, Jr.
